

Closing the Gap Healthcare Group is an award-winning Canadian business that provides healthcare services of an exceptionally high quality. With regulated healthcare professionals employed in a "hands-on" way at every level of the operation, administration and governance of our organization, we ensure a continual focus on quality and excellence in meeting the needs, and promoting the independence and dignity, of our patients.

Founded in 1980, Closing The Gap Healthcare Group consists of three member corporations: Rehab Express Inc., Greenly Clean Ltd. and Respirom Care-Plus Inc., and has full accreditation through Accreditation Canada (formerly the Canadian Council on Health Services Accreditation). We are members of the Canadian HomeCare Association, and Rehab Express is a member of the Ontario Homecare Association.

As Closing the Gap Healthcare Group, we provide the following to the local communities we serve - including homes, schools and long-term care homes,;

- rehabilitation therapy services, including physiotherapy, occupational therapy, speech-language pathology, social work, dietitian services,;
- nursing services
- personal support services
- healthcare consulting services, including level-of-care and type-of-care consulting, management and transitional planning as well as medico-legal consulting.

A natural compliment to our healthcare services has been the addition of Greenly Clean™ to our organization. Greenly Clean™ provides office cleaning, housecleaning, light home maintenance, errand completion and friendly visiting to customers who are looking for an affordable service focused on friendly professional staff who take an environmentally responsible approach to our cleaning, care and maintenance services.
